Narrative and Information Section

2018 FIRE DISTRICT BUDGET MESSAGE & ANALYSIS

Montgomery Township No. 2

FISCAL YEAR: January 1, 2018 to December 31, 2018

Answer all questions below. Attach additional pages and schedules as needed.

1. Complete a brief statement on the 2018 proposed Annual Budget and make comparison to the 2017 adopted budget. Explain any variances over +/-10% for each line item. Explanations of variances should include a description of the reason for the increase/decrease in the budgeted line item, not just an indication of the amount and percent of the change. Attach any supporting documentation that will help to explain the reason for the increase/decrease in the budgeted line item.

The 2018 total budget is \$1,061,474.00, a 14% increase over last year's budget, entirely due to a \$5,000.00 (10%) increase for the Length of Services Awards Program (LOSAP) and an increase of \$150,000.00 (60%) in capital appropriations. Of the capital appropriations, \$100,000.00 (67%) is attributable to the purchase of a command vehicle, the entire cost of which is being paid by district savings. Administrative and Operating appropriations decrease by \$24,606.00 (13.6%) largely attributable in decreases in the cost of professional services, supplies (new equipment) and general operating appropriations.

2. Complete a brief statement on the impact the proposed Annual Budget will have on the Amount to be Raised by Taxation to support the district budget and on the Restricted and Unrestricted Fund Balance(s). Explain increases or decreases in the tax rate and utilization of fund balances. If Unrestricted Fund Balance is reduced by more than 10%, explain the projected impact on the following year's budget.

The amount to be raised by taxation increases 2% (\$18,020.00) for 2018; the overall tax rate remains unchanged at \$0.047 per \$100 assessed valuation. The proposed budget utilizes \$100,000.00 of the district's restricted fund to pay for a voter approved (2017) command vehicle and contains a \$50,000.00 increase in the reserve for future capital purchases. \$38,924.00 of the district's general (unrestricted) fund is being utilized to offset 2018 appropriations.

3. Include a statement explaining how the Fire District is complying with the Property Tax Levy Cap. The statement must explain reasons for exceeding the Levy Cap and identify the appropriations that caused the Fire District to exceed the Levy Cap, and how they are being addressed by a referendum.

The property tax levy cap limits the district, without voter approval and with certain exclusions, to a no more than 2% increase in the amount to be raised by taxation. The maximum allowable levy for 2018 is \$978,914.00. The budget proposes raising \$919,020.00 by taxation, which is below the property tax levy cap.

4. If the Fire District plans to pass a Resolution for the Release of Restricted Fund Balance, explain the reason and purposes of the appropriation.

The district has no plans to pass a Resolution for the Release of Restricted Fund Balance.

5. Complete a brief statement on the Annual Budget's proposed capital appropriations and payment methods, including debt service for the proposed budget year and for future years.

The district is replacing and outfitting as much as possible a 2010 command vehicle for use at emergency scenes (total not to exceed \$100,000.00), and in the proposed budget is transferring a like sum from the restricted capital fund to the capital outlay section of the budget to pay for the purchase. The purchase will have no effect on the amount to be raised by taxation or the tax rate. The district has no debt service.

6. If the proposed Annual Budget contains an amount for a Cash Deficit of the Preceding Year pursuant to N.J.S.A. 40A:14-78.6, then explain the reasons for the occurrence of the deficit.

None.

7. Does the Annual Budget appropriate such sums as it may deem necessary for the purchase of first aid, ambulance, rescue, or other emergency vehicles, equipment, supplies and materials for use by a duly incorporated association, pursuant to N.J.S.A. 40A:14-85.1? If so, provide the organization's incorporated name and amounts.

The budget provides \$4,000.00 for the purchase of equipment or supplies for use by the Montgomery Township Emergency Medical Services.

8. Complete the following based on the municipal assessor's latest information pursuant to N.J.S.A. 54:4-35:

Total Assessed Valuation of District	\$ 1,963,691,044.00
Proposed Tax Rate per \$100 of Assessed Valuation	\$ 0.0468

9. Is the Fire District providing for a first year funding appropriation to establish a length of service award program (LOSAP) in this year's budget subject to public referendum thereof?

No	X	Yes		If yes, how much is appropriated?	\$
----	---	-----	--	-----------------------------------	----

If the public question is defeated, is the Board of Commissioners aware that the budget must be amended to delete the LOSAP appropriation amount and that the Amount to be Raised by Taxation to Support the Budget must be reduced by a like amount?

No		Yes

WHEREAS, N.J.S.A. 40A: 14-68 states that in any municipality not having a paid or part-paid fire department and force, the governing body, by ordinance, may contract with a volunteer fire company or companies in such municipality, for purposes of extinguishing fires, upon such terms and conditions as shall be deemed proper. The members of any such company shall be under the supervision and control of said municipality and in performing fire duty shall be deemed to be exercising a governmental function; however, the appointment or election of the chief of the volunteer fire company shall remain the prerogative of the membership of the fire company as set forth in the company's certificate of incorporation or bylaws; and

WHEREAS, N.J.S.A. 40A: 14-81 states that commissioners of a fire district shall have the powers, duties and functions within said district to the same extent as in the case of municipalities, relating to the prevention and extinguishment of fires and the regulation of fire hazards; and

WHEREAS, the Commissioners of Fire District No. 2 in the Township of Montgomery, County of Somerset, New Jersey and the Montgomery Township Volunteer Fire Company No. 2 have negotiated an agreement for the provision of fire protection and related services by the fire company to the fire district in return for the Commissioners of Fire District No. 2 and Montgomery Township Volunteer Fire Company No. 2 performance of certain obligations as described below,

IT IS HEREBY AGREED, between the Commissioners of Fire District No. 2 in the Township of Montgomery, County of Somerset (hereinafter referred to as Commissioners) and Montgomery Township Volunteer Fire Company No. 2 (hereinafter referred to as Fire Company), as follows:

1. The Fire Company will provide trained manpower to extinguish fires and provide emergency services within the fire district and in such other areas or territories as may be agreed under arrangements for mutual aid. For purposes hereof, the term "extinguishing fires" and "emergency services" shall be used in its broadest and most universal sense.
2. Nothing herein shall be construed to increase any liability on the part of the Fire Company and/or the Commissioners to the public for errors or omissions in the performance or non-performance of its duties hereunder or pursuant to any other requirement.
3. The members of the Fire Company, in performing fire and emergency duty, shall be deemed to be exercising a governmental function. For purposes of the Agreement, firefighters shall include all members of the Fire Company.
4. The members of the Fire Company shall operate in accordance with the Fire Company's By-Laws and Standard Operating Guidelines (hereinafter referred to as SOGs) as well as any mandates of the Commissioners pertaining to the use and operation of their apparatus and equipment. The Fire Company may not knowingly or deliberately take any action which is contrary to law or, except when circumstances render it necessary or advisable to deviate therefrom, contrary to the By-Laws or SOGs of the Fire Company. Upon request, the Fire Company shall make its By-Laws and SOGs available to the Commissioners for review.

5. Commissioners shall provide worker's compensation insurance coverage for firefighters, liability insurance coverage for the Commissioners' apparatus, vehicles, and equipment, and property and casualty insurance for the firehouse of the Fire Company. Copies of all liability, workers compensation, and property and casualty insurance policies shall be furnished, upon request, to the Fire Company. The Fire Company shall permit no person to perform fire related duties or activities if not a member of the Fire Company qualified for such duty, however, in situations involving mutual aid companies or other companies responding pursuant to contract with the Commissioners the Fire Company shall not be responsible for determining the status of the other companies' emergency responders.
6. Commissioners shall entertain reimbursing individual firefighters for out-of-pocket expenses incurred while engaged in fire duty subject to reasonable proof of the value of such expenses.
7. Commissioners shall fund the Length of Service Awards Program (hereinafter referred to as LOSAP) in accordance with federal and New Jersey State regulations, requirements, and agreements of Commissioners and Fire Company as long as sufficient funds for same are approved by the voters of the fire district in its annual budget referendum. Upon request, the Fire Company Chief or his designated representative will provide the Commissioners with a copy of the LOSAP records and supporting documentation that demonstrate and substantiate fire company members' qualification for participation in the program.
8. Commissioners will provide funding for firefighting apparatus, related equipment, and firefighter training which is acceptable per NFPA, OSHA, the State of New Jersey and other recognized standards (hereinafter referred to as Recognized Standards). Commissioners will provide funding for maintaining their apparatus and equipment in accordance with manufacturers' specifications, warranties and Recognized Standards. The Fire Company Chief is responsible for determining, coordinating, overseeing and implementing maintenance of all of the Commissioners' apparatus and equipment.
9. The Fire Company will maintain a trained firefighting corps and an adequate and available manpower response in the fire district during all hours of the day and night. In the event that Fire Company members are unable to respond to a fire or emergency call the Fire Chief (or designee) shall use their best efforts to provide for a standby fire or emergency response company, as the case may be. If ever unable to provide the appropriate resources, the Fire Company and/or Fire Chief is to immediately verbally advise the Chairman of the Board of Commissioners, or if unable to reach the Chairman, another member of the Board of Commissioners, and promptly thereafter provide further notice as provided in Paragraph 21 of this Agreement. If the Board determines that the Fire Company is unable to provide sufficient fire and emergency service resources on a repetitive basis and to such degree that the purposes of this Agreement are detrimentally affected the Board may take such action as it deems necessary or advisable to address and remedy the situation.
10. Commissioners may, but shall not be required to, provide life and health insurance for members of Fire Company, but not in excess of any statutory limit, and any insurance, once in force, may not be terminated by the Commissioners without furnishing at least thirty (30) days' advance notice to the Fire Company. Any such policies or renewals shall be upon such terms and conditions as the Commissioners consider proper and advisable and may require member co-insurance, cost-sharing, deductibles, etc.
11. In consideration of the Commissioners paying rent to the Fire Company in the amount of \$192,000.00 per annum or as budgeted in the Commissioners' annual fire district budget, the Fire Company will house the apparatus, vehicles and equipment of the Commissioners and will observe all reasonable rules and regulations promulgated by the Commissioners for the care, maintenance and security of same.
